

Statement of Deficiencies

1907.A.1.&2.: High Chairs

Not Met

1907.A.1.&2.:

1. The high chair manufacturer's restraint device shall be used when children are sitting in a high chair.
2. Children who are either too small or too large to be restrained using the manufacturer's restraint device shall not be placed in a high chair.

Finding:

1907.A.1. Based on observation on 6/10/19 at 11:06 am, the high chair manufacturer's restraint device was not used when children are sitting in a high chair as LS observed S7 supervising 5 children (ages 4 mths - 1yr olds) and observed two children sitting in high chairs without the use of manufacturer's restraints. LS observed S7 securing the children in the high chairs during the center visit.

LS observed S8 supervising 7 children (ages 1 yr - 2 yrs old) and observed two children sitting at a feeding table without the use of the manufacturer restraints. LS observed S8 securing the children during the center visit.

1907-B.1.-4.: Eating Practices

Not Met

1907-B.1.-4.: 1. Developmentally appropriate seating shall be used.

2. Chairs and tables of suitable size shall be available for each child.

3. Any time feeding tables are used, children's feet must be able to rest comfortably on a foot rest.

4. Feeding tables may also be used for occasional program activities that require a table surface for no longer than 30 minutes in one day in addition to mealtime minutes.

Finding:

1907-B.3. Based on observations on 6/10/19 at 11:08 am, feeding tables were used at mealtimes and children's feet were not able to rest comfortably on a foot rest. LS observed S8 supervising 7 children (ages 1 yr to 2yrs old) and observed 5 children sitting at a feeding table but two children were facing the opposite way. S8 explained that S1 informed her to turn the children around in order to stop the children from touching the other child's food. LS observed the two children that were faced away from the front did not have a foot rest.
