1509-A.6: Parental Access Policy

Parents shall be allowed to visit the center anytime during its regular hours of operation and when children are present.

#### **Finding:**

1509.A-6. Based on Interviews: The Provider did not follow the Parental Access Policy as evidenced by The facility is failing to adhere to their Parental Access Policy. The center's policy states that "The facility will allow tours and business to be conducted anytime throughout the day during normal business hours. Because of strict regulations on criminal background checks and State Central registries, any parent/guardian/agent cannot come and stay for any extended period of time to interact, observe have a birthday party, etc. will not allow a parent/guardian or agent to visit the facility for an extended period of time". According to Specialist interview with S-1 and S-2 both staff indicated that no parents/guardians are allowed access to any of the classrooms, if a parent visits the facility, the staff would have the parent/guardian wait in the foyer area and the staff would bring their child to the foyer area and not allow the parent access to the classrooms. Specialist went over the Parental Access Licensing Regulations with S-1 and S-2 time of survey and also had them speak with Licensing Consultant O-1 time of survey.
