

Statement of Deficiencies

1721-A. - C.: Continuing Education Training

Not Met

1721-A. - C.: A. Early learning centers shall provide opportunities for continuing education of staff members who are left alone with children, or who have supervisory or disciplinary authority over children.

1. Staff members of early learning centers, excluding foster grandparents, shall obtain a minimum of 12 clock hours of continuing education per center anniversary year.

B. Staff members of type I, type II and type III centers who are neither left alone with children, nor have supervisory or disciplinary authority over children, shall obtain a minimum of three clock hours of continuing education in job related topics per center's anniversary year.

C. Continuing education for all types of centers shall be conducted by trainers approved by the Licensing Division. The Licensing Division shall keep a registry of approved trainers.

Finding:

****NEW**** 1721-A. - C. Based on record review: There was no documentation that the center staff of an early learning center, excluding Foster Grandparents, provided opportunities for staff members to obtain a minimum of 12 clock hours of training annually in the topics found in §1719(A) and (B). Copies of certificates of completion or attendance records were not maintained at the center and available for inspection by the Licensing Division upon request, 7 of 13 staff did not have the required continuing education training. This is in addition to the required training from the Department of Health, Pediatric First Aid and Infant/Child/Adult CPR. S2, S5, S7, S10, S12, S13 and S16 lacked 12 clock hours over the past licensed year of 5/1/17 to 4/30/18.

1907-A.1-2: High Chairs

Not Met

1907-A.1-2:

1. The high chair manufacturer's restraint device shall be used when children are sitting in a high chair.

2. Children who are either too small or too large to be restrained using the manufacturer's restraint device shall not be placed in a high chair.

Finding:

****NEW**** 1907-A.1-2 Based on observations: The high chair manufacturer's restraint device was not used when children are sitting in a high chair. Specialist observed 8 of 8 children seated in the feeding table and high chairs at afternoon snack without the manufacturer's restraint device in use. Also, 4 of 6 bucket seats in the feeding table lacked restraint devices.
