Finding:

1911.E.: Daily Reports for Infants: Based on record review on 6/13/19 the center lacked a daily written report for 4 of 4 infants. Specialist identified during the walk through of the center that S2 and S3's room had 4 infants (C11, C12, C13, and C14) who failed to have a detailed infant report for the 6/13/19. S2 and S3 corrected the error prior to the Specialist leaving the center.
