Finding:

1713.A&B: Based on observations and interviews at 10:30 AM on 6/6/2020, children were not under supervision at all times as Specialist observed 6 children, ages five through ten, in the "Game Room" on the second floor of building 1. S2 stated that S10 was responsible for supervising children in both classes. Specialist observed S10 in the center of the adjoining classroom supervising 10 other school aged children, ages five through ten). S2 corrected immediately by assigning S14 to assist S10. S1 stated the center treats these two classrooms as one and believed this was acceptable as these children are school aged.

Corrective Action: Effective 6/16/2020, S1 stated she will ensure there is a teacher in each classroom or all children will be in one or the other room at a time, regardless of the age of children present, to ensure this deficiency is not cited again.
