

Statement of Deficiencies

1725-A.-D.: Medication Management Training

Not Met

1725-A.-D.: A. All staff members who administer medication shall have medication administration training.

B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.

C. Such training shall be completed every two years with an approved Child Care Health Consultant.

D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

Finding:

1725-A.-C . Based on record review on 06/19/2018, provider failed to have at least two staff members trained in medication administration and such training shall be completed every two years with an approved Child Care Health Consultant as evidenced by S1, S2, and S3 had medication administration training however it expired on 04/12/2018. S4 was the only staff with current medication administration training.
