

Statement of Deficiencies

7325-J: Individual Labeled Space

Not Met

7325-J: Individual, labeled space shall be available for each child's personal belongings.

Finding:

7325-J Based on observations/interview(s)/record review: The center was not equipped with individual, labeled space for each child's personal belongings as evidenced by Specialists and S1 observed 10 of 10 cubbies had children's mats and sleeping arrangements for children and not labeled with children's names. Specialists advised S1 to ensure all cubbies are labeled with children's names for their belongings.

7327-L: Clean of Hazards

Not Met

7327-L: The center and yard shall be clean and free from hazards.

Finding:

7327-L Based on observations/interview(s)/record review:
The center and yard were not free of hazards as Specialists and S1 discussed the seat belt on the baby infant changing room is torn and not connected to the changing table. S1 indicated center has another seat belt and replaced at time of visit; * Swing sets at the center need soft surface area and fall zone for children-no soft surface area for shock absorbing fall zone- swing seats were removed at the visit on one swing set although toddler swings were still on the swing set; *Step 2 slide and climbing apparatus- Yellow slide is cracked and plastic sharp edges are exposed wear children sit to slide down the slide- S1 indicated slide would be replaced; ** Broken play pink house barn with counting beads is broken with nails exposed and broken pieces placed inside house on play yard table - S1 indicated removed barn from center play yard.
