

Statement of Deficiencies

1911.E.: Daily Reports for Infants

Not Met

1911.E.: Daily Reports for Infants. Written reports that include the liquid intake, food intake, disposition, bowel movements and eating and sleeping patterns shall be given to the parents of infants on a daily basis. Reports shall be kept current throughout the day.

Finding:

1911.E. Based on observations/record review during Specialist's walk-through inspection on 6/20/19 at 9:00am, the Provider lacked a daily written report for 2 of 2 infants. S5 filled out the reports for the 2 infants prior to Specialist leaving the room.

1911.G.: Pacifier Attached

Not Met

1911.G.: Pacifiers attached to strings or ribbons shall not be placed around the neck or attached to the clothing of a child.

Finding:

1911.G. Based on Specialist's observations on 6/20/19 at 9:00am, a pacifier that was attached to a string was attached to the clothing of a child. Upon Specialist's advisement, S1 removed the attached pacifier prior to Specialist leaving the room.

1919.D.2.: Food Service and Nutrition - Choking Hazards

Not Met

1919.D.2.: Children under age 4 shall not have foods that are implicated in choking incidents. Examples of these foods include but are not limited to: whole hot dogs, hot dogs sliced in rounds, raw carrot rounds, whole grapes, hard candy, nuts, seeds, raw peas, hard pretzels, chips, peanuts, popcorn, marshmallows, spoonful of peanut butter, and chunks of meat larger than what can be swallowed whole.

Finding:

1919.D.2. Based on Specialist's observations on 6/20/19 at 11:00am, the Provider allowed children under age 4 to be served whole chicken nuggets at lunch time, which are implicated as choking hazards. Specialist advised that the chicken nuggets, as well all meat that can be swallowed whole or foods that serve as potential choking hazards, need to be cut into bite-sized pieces for children under the age of 4.
