

Statement of Deficiencies

1721-A. - C.: Continuing Education Training

Not Met

1721-A. - C.: Early learning centers shall provide opportunities for continuing education of staff members. The center staff of Type II centers, excluding Foster Grandparents, shall obtain a minimum of 12 clock hours of training annually in the topics found in §1719(A) and (B) conducted by trainers approved by the Licensing Division. The Licensing Division shall keep a registry of approved trainers.

B. These Hours are in addition to the 3 hours required for health and safety.

C. Copies of certificates of completion or attendance records shall be maintained at the center and available for inspection by the Licensing Division upon request.

Finding:

NEW 1721-A. - C. Based on record review: S2 did not have documentation that she obtained a minimum of 12 clock hours of training annually in the topics found in 1719(A) and (B) conducted by trainers approved by the Licensing Division. This is in addition to the required training from the Department of Health, Pediatric First Aid and Infant/Child/Adult CPR. S2 has documentation of nine hours of training.

1915-A: Health Services - Observation

Not Met

1915-A: Observation. Upon arrival at the center, the physical condition of each child shall be observed for possible signs of illness, infections, bruises or injuries, and when something is observed, it shall be documented and such documentation shall include an explanation from the parent or child.

Finding:

NEW 1915-A Based on record review: S1 and S3 documentation on the observation was inconsistent as they documented nothing observed on the children but documented explanations that the children had injuries. On 6/13/17, S3 documented nothing was observed on C1 but documented as an explanation that the mom said right arm mosquito and bites on feet ants. Also on 6/19/17, S1 documented nothing was observed on C2. but documented as an explanation that mom said middle toe right foot sore. Note: S3 made corrections on the observation log prior to specialist receiving a copy.
