Finding:

1711-A-B-D-G Based on observations: Center failed to meet minimum child staff ratios at all times as specialist observed 9 children ages 9 months - 4 yr olds with 1 staff, S1. The correct ratio for this age group is 5 to 1. S1 stated that one of the center staff went home sick and the director, S4 had to step out for one moment. S4 returned to the center during specialist visit.
