Not Met

1907-B.1-4:

1. Developmentally appropriate seating shall be used.
2. Chairs and tables of suitable size shall be available for each child.
3. Feeding tables may be used at mealtimes, if children's feet are able to rest comfortably on a foot rest.
4. Feeding tables may also be used for occasional program activities that require a table surface for no longer than 30 minutes in one day in addition to mealtime minutes.

Finding:

1907-B 1-4 Eating Practices: Based on observation, Feeding tables were used at mealtimes children's feet were not able to rest comfortably on a foot rest. Specialist observed 2 feeding tables, with children sitting at both, in the back section of the building in the one year old rooms with no foot rests. Specialist observed children sitting in the feeding table in the infant building with straps for foot rests and two of the straps hanging down, unsecured and one of the straps pushed to the back making it unable to be reached by children's feet. Also, the second feeding table in the infant building had no foot rest at all.
