

Statement of Deficiencies

1507.B.: Daily Attendance Records - Staff and Owners

Not Met

1507.B.: A daily attendance record for all staff members and owners shall be maintained that shall:

1. include the first and last name of the staff member or owner and arrival and departure times;
2. accurately reflect the staff members and owners on the center premises at any given time; and
3. be used to document staff members and owners who leave and return to the center during the day

Finding:

1507.B. Based on record review:

The center's staff and owner's daily attendance record did not accurately reflect persons on the child care premises at any given time.

- According to documentation S1 was not signed out on the staff daily attendance log on following days: 6/25/19, 6/26/19, 6/27/19, 6/28/19.

- According to documentation of the practice drill conducted on 6/11/19 at 10:20 am, S8 was on premises during the practice but was not signed in on the staff daily attendance log for 6/11/19.

1721.A.-C.: Continuing Education Training

Not Met

1721.A.-C.: A. Early learning centers shall provide opportunities for continuing education of staff members who are left alone with children, or who have supervisory or disciplinary authority over children.

1. Staff members of early learning centers, excluding foster grandparents, shall obtain a minimum of 12 clock hours of continuing education per center anniversary year.

B. Staff members of type I, type II and type III centers who are neither left alone with children, nor have supervisory or disciplinary authority over children, shall obtain a minimum of three clock hours of continuing education in job related topics per center's anniversary year.

C. Continuing education for all types of centers shall be conducted by trainers approved by the department. The department shall keep a registry of approved trainers.

Finding:

** NEW ** 1721.A.-C. Based on record review:

There was no documentation that the center staff (S3, S5 and S2) of an early learning center was provided an opportunity to obtain a minimum of 12 clock hours of training annually in the topics found in §1719(A) and (B). S2, S3 and S5 staff did not have the required continuing education training. This is in addition to the required training from the Department of Health, Pediatric First Aid and Infant/Child/Adult CPR.

1723.A.&B.: CPR Certification

Not Met

1723.A.&B.: A. Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.

B. Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

Finding:

** NEW ** 1723.A.&B. Based on record review: There is no documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR through training approved by the department. One of three staff present had documentation of this certification. There was documentation that S3 completed an on-line CPR course on 05/28/2019 and S5 on 06/03/2019 through American Health Association. American Health Association is not an approved course.

1723.C.: Pediatric First Aid

Not Met

1723.C.: Pediatric First Aid. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in pediatric first aid through training approved by the department.

Finding:

1723.C. Based on record review:

There is no documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid through training approved by the department. One of three staff present had documentation of this certification. There was documentation that S3 completed an on-line PFA course on 05/28/2019 and S5 on 06/03/2019 through American Health Association. American Health Association is not an approved course.

Statement of Deficiencies

1725.A.-C.: Medication Management Training

Not Met

- 1725.A.-C.: A. All staff members who administer medication shall have medication administration training.
B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.
C. Such training shall be completed every two years with an approved child care health consultant.

Finding:

** NEW ** 1725.B. Based on record review:

There was no documentation that at least one staff member on the premises was trained in medication administration during licensing visit.

1901.C.: End-of-Day Check

Not Met

- 1901.C.: The entire center and play yard shall be checked after the last child departs to ensure that no child is left at the center and this check shall be documented. Documentation shall include date, time of visual check, and signature of the staff conducting the visual check.

Finding:

** NEW ** 1901.C. Based on record review:

There was no documentation that the entire center and play yard is checked after the last child departs to ensure that no child is left unattended at the center on 6/25/19 and 6/26/19.

1901.J.&K.: Items That Can be Harmful to Children

Not Met

- 1901.J.&K.: J. Items that can be harmful to children, such as medications, poisons, cleaning supplies and chemicals, and equipment, tools, knives and other potentially dangerous utensils, shall be kept in a locked cabinet or other secure place that ensures they are inaccessible to children.
K. Plastic bags, when not in use, regardless of purpose or use, shall be made inaccessible to children.

Finding:

1901. J. Based on observation: Items that can be harmful to children, such as medications, poisons, cleaning supplies and chemicals, and equipment, tools, knives and other potentially dangerous utensils, were not kept in a locked cabinet or other secure place that ensures they are inaccessible to children.

- At 1:43pm Specialists observed Glade air freshener on the front entrance counter which leads into the children's classroom. S3 removed the Glade air freshener during the licensing visit.
