

Statement of Deficiencies

1715-A.5: State Central Registry

Not Met

1715-A.5: Personnel files for each staff member shall be maintained at the center and shall include the following: documentation of a current, completed state central registry disclosure form indicating no justified (valid) finding of abuse or neglect by the DCFS, or a current determination from the DCFS indicating that the individual does not pose a risk to children.

Finding:

1715-A.5 Based on record review: Provider failed to have documentation of a completed state central registry disclosure form (SCR 1) on site and available for review at the center prior to a previously completed form expiring (1705.B). 1 of 10 staff, S7 failed to have documentation of the completed form.

1723-A.&B.: CPR Certification

Not Met

1723-A.&B.: Infant and child CPR

Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

Adult CPR

Centers shall have at least one staff member on the premises and accessible to children trained in Adult CPR if there is a child eight years or older on the premises.

Finding:

1723-A&B: Based on Record Review: The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. None of the staff had documentation of this certification.

1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.:

C. Pediatric First Aid - Beginning on July 1, 2016, Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

Finding:

1723-C.-D. Based on record review: After July 1, 2016 - The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. None of the staff had documentation of this certification.

1725-A.-E.: Medication Management Training

Not Met

1725-A.-E.:

A. Beginning July 1, 2016 - All staff members who administer medication shall have medication administration training.

B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.

C. Such training shall be completed every two years with an approved Child Care Health Consultant.

D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

Finding:

1725-A.-E. Based on record review:

The staff person, S1 and S10, did not have current documentation of training in medication administration completed with an approved Child Care Health Consultant. Training is required every two years and the staff's training expired 6/13/17.

1907-E.2: Cribs Free of Toys and Other Soft or Loose Bedding

Not Met

1907-E.2: Cribs shall be free of toys and other soft or loose bedding, including comforters, blankets, sheets, bumper pads, pillows, stuffed animals and wedges when the child is in the crib.

Finding:

1907-E.2 Based on observations:

Statement of Deficiencies

The center's cribs were not free of toys or other soft or loose bedding (including comforters, blankets, sheets, bumper pads, pillows, stuffed animals and wedges) while the child was in the crib as evidence by specialist observed 1 infant lying in crib with a toy attached to her pacifier.
