

Statement of Deficiencies

1723-A.-B.: CPR Certification

Not Met

1723-A.-B.: A - Infant and child CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

B - Adult CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR.

Finding:

1723-A.-B. Based on record review: There was no documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant, child and adult CPR. There were no staff that had documentation of this certification. S1 and S2 had this certification, but it expired in 4/2018.

1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.:

C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

Finding:

1723-C.-D. Based on record review: There was no documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. There were no staff that had documentation of this certification. S1 and S2 had this certification, but it expired in 4/2018.

1911-E: Daily Reports for Infants

Not Met

1911-E: Daily Reports for Infants. Written reports that include the liquid intake, food intake, disposition, bowel movements and eating and sleeping patterns shall be given to the parents of infants on a daily basis. Reports shall be kept current throughout the day.

Finding:

1911-E Based on record review:
There was no daily written report for three of three infants.

1921-E: Tornado Drills

Not Met

1921-E: Tornado drills shall be conducted at least once per month in the months of March, April, May, and June at various times of the day necessary to include all children and shall be documented.

Finding:

1921-E Based on record review: There was no documentation of tornado drills conducted in the months of March, April, May and June of 2018.
