

## Statement of Deficiencies

### 1507-A: Daily Attendance Records - Children

Not Met

1507-A: A daily attendance record for children shall be maintained that shall:

1. include the child's first and last name, arrival and departure times, and first and last name of person or entity to whom the child is released;
2. accurately reflect children on the center premises at any given time; and
3. be used to sign in and out if a child leaves and returns to the center during the day.

#### Finding:

1507-A Based on record review: The center's daily attendance record for children did not accurately reflect the children on the child care premises at any given time as 47 children were present and 45 children were signed in on the log upon Specialist's arrival on 7/10/18. A review of the sign in log shows that the daily attendance for children did not include the departure of each child and the name of the person to whom the child was released to.

### 1507-B: Daily Attendance Records - Staff and Owners

Not Met

1507-B: A daily attendance record for all staff members and owners shall be maintained that shall:

1. include the first and last name of the staff member or owner and arrival and departure times;
2. accurately reflect the staff members and owners on the center premises at any given time; and
3. be used to document staff members and owners who leave and return to the center during the day

#### Finding:

1507-B Based on record review: The center's staff and owner's daily attendance record did not accurately reflect persons on the child care premises at any given time as evidenced by Specialist's observation of S4 not signed in the log and S7 not signed out of the log upon Specialist's arrival on 7/10/18.

### 1725-A.-D.: Medication Management Training

Not Met

1725-A.-D.:

- A. All staff members who administer medication shall have medication administration training.
- B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.
- C. Such training shall be completed every two years with an approved Child Care Health Consultant.
- D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

#### Finding:

1725-A.-D. Based on record review: The provider did not have at least two staff members trained in medication administration whether the early learning center administers medication or not. S9 stated staff are schedule to take this training on 7/16/18.

### 1915-A: Health Services - Observation

Not Met

1915-A: Observation. Upon arrival at the center, the physical condition of each child shall be observed for possible signs of illness, infections, bruises or injuries, and when something is observed, it shall be documented and such documentation shall include an explanation from the parent or child.

#### Finding:

1915-A Based on record review: The provider did document observations, when something is observed, noted on children upon arrival to the center. Results including an explanation from parent and/or child were not documented.
