

## ***Statement of Deficiencies***

### **1501-A: Operations**

**Not Met**

1501-A: A center shall operate within the licensed capacity, age range, hours of operation and other specific services designated on its license.

#### **Finding:**

1501-A: Based on observations and interview: The Director did not notify the Licensing Division prior to making changes that had an effect on the license as the provider removed a wall in classroom #1 and the foyer area. The center also removed the wall that separated classrooms #2 and #3 creating one classroom. Specialist observed that these spaces were in use by children, though center staff failed to attain approval from Licensing in advance. S1 stated that the walls were removed while the center was closed during the week of the Fourth of July.
