

Statement of Deficiencies

1501.A.: Operations

Not Met

1501.A.: A center shall operate within the licensed capacity, age range, hours of operation and other specific services designated on its license.

Finding:

1501.A. Based on observations/record review:

S1 made changes that had an effect on the license as the provider is licensed to care for children ages ten weeks to 5 years. C11, age six, was being cared for on the childcare premises.

1503.D.: Waiver of Liability

Not Met

1503.D.: Parents shall not be required to waive the center's responsibility.

Finding:

1503.D. Based on record review: Parents are required to waive the provider's responsibility in the event of an accident or injury as documented on the "Vehicle Emergency Medical Information & Emergency Medical Authorization" form.

1913.A.: Water Activity / Water Play Authorization

Not Met

1913.A.: The center shall obtain written parental authorization for a child to participate in any water activities or water play activities as those activities are defined in §103.

Finding:

1913.A. Based on interview(s):

S1 lacked written authorization from the parent for the child to participate in water activities or water play activities as those activities are defined in Section 103. S1 indicated that children of the center participated in water play activity on 7/3/2019, but did not have parents sign an authorization form.

1917.A.: Medication Authorization

Not Met

1917.A.: Written Authorization. No medication or special medical procedure shall be administered to a child unless authorized in writing by the parent. Such authorization shall include:

1. name of child;
2. drug name and strength;
3. date(s) to be administered;
4. directions for use, including the route (oral, topical), dosage, frequency, time and schedule and special instructions, if any. It is not acceptable to note "as indicated on bottle"; and
5. signature of parent and date of signature.

Finding:

1917.A. Based on interview(s):

S1 did not obtain written authorization from the parent to administer medication to a child. S1 indicated C12 was given medication in June 2019. S12 indicated when C12 completed medication she gave O1 the medication log and authorization to take home.

1917.H.: Medication Administration Records

Not Met

1917.H.: Records. Medication administration records shall be maintained for all children regardless of who administers the medication. Records shall include the following:

1. name of the child and medication name and dosage administered;
2. date and time medication administered;
3. documentation of telephone contact with parent prior to giving "as needed" medication;
4. signature of person administering medication or witnessing the child administering own medication;
5. signature of person completing the form; and
6. when a parent administers medication to his/her own child on center premises, the medication administration record shall be documented by either the parent or a staff member.

Finding:

1917.H. Based on interview(s):

S1 did not maintain medication administration records verifying medication was given according to the parent's authorization for C12 as S12 indicated she gave O1 the records.

Statement of Deficiencies

1921.A.: Emergency Preparedness and Evacuation Planning

Not Met

1921.A.: Emergency and Evacuation Plan. The director shall consult with appropriate state and local authorities and shall establish and follow a written multi-hazard emergency and evacuation plan to protect children in the event of emergencies that at a minimum shall:

1. address any potential disaster related to the area in which the center is located;
2. include procedures for sheltering in place, lockdown and evacuation to a pre-determined site for potential threats to the safety, health and well-being of children in care;
3. include specific procedures for handling infants through two year olds, including food and formula;
4. include specific procedures for handling children with special needs, including the evacuation and transportation of children in wheelchairs;
5. include a system to account for all children;
6. include a system, and a back-up system, for contacting parents and authorized third party release caretakers;
7. include a system to reunite children and parents following an emergency;
8. include procedures for providing information about the emergency plan to parents at the time of enrollment and when changes occur;
9. be reviewed annually for accuracy and updated as changes occur; and
10. be reviewed with all staff at least once per year.
11. practice drills shall be conducted at least twice per year to include all children and shall be documented.

Finding:

1921.A. Based on record review/interview(s): S1 indicated she did not have a written multi-hazard emergency and evacuation plan to protect children in the event of emergencies that at a minimum shall:

1. address any potential disaster related to the area in which the center is located;
2. include procedures for sheltering in place, lockdown and evacuation to a pre-determined site for potential threats to the safety, health and well-being of children in care;
3. include specific procedures for handling infants through two year olds, including food and formula;
4. include specific procedures for handling children with special needs, including the evacuation and transportation of children in wheelchairs;
5. include a system to account for all children;
6. include a system, and a back-up system, for contacting parents and authorized third party release caretakers;
7. include a system to reunite children and parents following an emergency;
8. include procedures for providing information about the emergency plan to parents at the time of enrollment and when changes occur and documentation of practice drills at least twice per year.

1921.C.: Evacuation Pack

Not Met

1921.C.: Evacuation Pack

The center shall have an evacuation pack, the location of which is known to all staff, that at a minimum shall contain:

1. a list of area emergency phone numbers;
2. a list of emergency contact information and emergency medical authorization for all enrolled children;
3. an emergency pick up form;
4. first aid supplies, hand sanitizer, wet wipes, and tissue;
5. diapers for children who are not toilet trained and plastic bags for diapers;
6. a battery powered flashlight and radio and batteries or a crank flashlight and crank radio; and
7. disposable cups and bottled water.

Finding:

1921.C. Based on observations: S1 did not have the following in the evacuation pack:

1. a list of area emergency phone numbers;
2. a list of emergency contact information and emergency medical authorization for all enrolled children;
3. an emergency pick up form.
