

## ***Statement of Deficiencies***

### **1725.A.-C.: Medication Management Training**

**Not Met**

1725.A.-C.: A. All staff members who administer medication shall have medication administration training.

B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

C. Such training shall be completed every two years with an approved child care health consultant.

#### **Finding:**

1725.B.C. Medication Management Training - Based on record review: S2 did not have at least two staff members trained in medication administration whether the early learning center administers medication or not. On 7/18/19, Specialist reviewed staff files at approximately 10:15am, observing that although staff had medication training, it was not with an approved trainer through the Department.
