

Statement of Deficiencies

1507-A: Daily Attendance Records - Children

Not Met

1507-A: A daily attendance record for children shall be maintained that shall:

1. include the child's first and last name, arrival and departure times, and first and last name of person or entity to whom the child is released;
2. accurately reflect children on the center premises at any given time; and
3. be used to sign in and out if a child leaves and returns to the center during the day.

Finding:

1507.A Children who left and returned to the center during the day were not signed in/out as required. The facility had 8 children that left facility date of survey at 9:00am to attend a field trip that failed to be signed out of the facility.

1507-B: Daily Attendance Records - Staff and Owners

Not Met

1507-B: A daily attendance record for all staff members and owners shall be maintained that shall:

1. include the first and last name of the staff member or owner and arrival and departure times;
2. accurately reflect the staff members and owners on the center premises at any given time; and
3. be used to document staff members and owners who leave and return to the center during the day

Finding:

1507.B Based on Record Review/ Interview: The center's staff and owner's daily attendance record did not accurately reflect persons on the child care premises at any given time as evidenced by ~S-4 and S-5 failed to sign out of the facility date of survey (7-20-17) when they left the facility to attend a field trip..

1723-A.&B.: CPR Certification

Not Met

1723-A.&B.: A - Infant and child CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

B - Adult CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR.

Finding:

1723 A & B The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. ~1~~ of ~5~ staff on the premises time Specialist arrival into the facility date of survey had documentation of this certification.

1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.:

- C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.
- D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

Finding:

1723 C-D Based on Record Review: The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. ~1 of ~5 staff on the premises time of Specialist arrival into the facility had documentation of this certification.

1901-J.&K.: Items That Can be Harmful to Children

Not Met

1901-J.&K.: Items that can be harmful to children, such as medications, poisons, cleaning supplies and chemicals, and equipment, tools, knives and other potentially dangerous utensils, shall kept in a locked cabinet or other secure place that ensures they are inaccessible to children. Plastic bags, when not in use, regardless of purpose or use, shall be made inaccessible to children.

Finding:

Statement of Deficiencies

1901.J & K Based on observations: Items that can be harmful to children, such as medications, poisons, cleaning supplies and chemicals, and equipment, tools, knives and other potentially dangerous utensils, were not kept in a locked cabinet or other secure place that ensures they are inaccessible to children. Specialist observed a gallon container of Bio Activator without a top sitting on a shelf in the restroom located between the after schoolers room and the 4 year old classroom. A milk crate container was also observed sitting on the bottom of this same shelf that had a bottle of glass cleaner, clorox cleaner, a spray bottle of Scrub Free. The staff corrected time of survey.

1907-E.2: Cribs Free of Toys and Other Soft or Loose Bedding

Not Met

1907-E.2: Cribs shall be free of toys and other soft or loose bedding, including comforters, blankets, sheets, bumper pads, pillows, stuffed animals and wedges when the child is in the crib.

Finding:

1907.E.2 Based on Observations: The center's cribs were not free of toys or other soft or loose bedding (including comforters, blankets, sheets, bumper pads, pillows, stuffed animals and wedges) while the child was in the crib as evidence by ~Specialist observed one infant lying in their crib with a loose blanket. Staff corrected time of survey.

1915-A: Health Services - Observation

Not Met

1915-A: Observation. Upon arrival at the center, the physical condition of each child shall be observed for possible signs of illness, infections, bruises or injuries, and when something is observed, it shall be documented and such documentation shall include an explanation from the parent or child.

Finding:

1915.A Based on Record Review: The provider did not document observations, when something is observed, noted on children upon arrival to the center. Results including an explanation from parent and/or child were not documented. The facility is failing to list an explanation for the children's injuries.

1919-A&B: Food Service and Nutrition - Menu

Not Met

1919-A&B: All meals and snacks provided by the center, and their preparation, service and storage, shall meet the requirements for meals of the U.S. Department of Agriculture (USDA) Child and Adult Care Food Program (CACFP) and 7 C.F.R. 226.20 and the Louisiana Sanitary Code, Title 51, Part XXIII, found at LAC 51:XXXIII. For the current CACFP meal patterns, contact the Louisiana Department of Education, Division of Nutrition Support.

The weekly menu shall:

1. be planned for each day of the week and list the specific food items served;
2. be prominently posted by the first day of each week and remain posted throughout the week; and
3. have substitutions or additions posted on or near the menu.

Finding:

1919 A & B Based on Record Review/ Interview: The Center's meals and snacks including their preparation, service and storage, as specified under the Child Care Food Program of the United States Department of Agriculture, were not provided as ~grits and milk was served for ~Breakfast, a fruit or vegetable was needed to meet the requirements. Specialist reviewed the center's Menu from the week of July 17, 2017 and observed that the facility failed to document that a fruit and or vegetable would be served with the one food component listed on the menu.
