Finding:

1713-A.-C. Based on observations/interview: Children were not under supervision at all times as on July 24, 2018 Specialist observed that staff in two classrooms left the children they were assigned to supervise alone in order to go tell other staff that Licensing was present. Specialist entered classroom #1 to complete a head count, while Specialist was present in this classroom, S4 entered through the restroom that adjoins the two classes to advise the staff present that Licensing was here. Specialist entered S4's classroom and observed 7 two year old children napping with no other staff present. Specialist walked up the stairs to the second floor and observed S17 walking down the hallway going door to door stating that Licensing is here. Specialist followed S17 to her assigned classroom and observed 9 napping 5 year old children present with no staff supervision while S17 was away. Specialist advised S1 that children must remain under supervision at all times. S1 stated that she understands.
