

Statement of Deficiencies

1721-A. - C.: Continuing Education Training

Not Met

1721-A. - C.: Early learning centers shall provide opportunities for continuing education of staff members. The center staff of Type I centers, excluding Foster Grandparents, shall obtain a minimum of 3 clock hours of training annually in the topics found in §1719(A) and (B). Beginning July 1, 2015, Type I center staff shall obtain a minimum of 6 clock hours of such training annually. Beginning July 1, 2016, Type I center staff shall obtain a minimum of 9 clock hours of such training annually. Beginning July 1, 2017, Type I center staff shall obtain a minimum of 12 clock hours of such training annually. Training shall be conducted by trainers approved by the Licensing Division.

B. These Hours are in addition to the 3 hours required for health and safety.

C. Copies of certificates of completion or attendance records shall be maintained at the center and available for inspection by the Licensing Division upon request.

Finding:

1721.A -C Based on Record Review: There was no documentation that the center staff of a Type I centers, excluding Foster Grandparents, obtain a minimum of 3 clock hours of training annually in the topics found in §1719(A) and (B). C. Copies of certificates of completion or attendance records were not maintained at the center and available for inspection by the Licensing Division upon request, ~1~ of ~4 staff (S-4) did not have the required continuing education training. This is in addition to the required training from the Department of Health, Pediatric First Aid and Infant/Child/Adult CPR. NON CORRECTABLE Def

1723-A.&B.: CPR Certification

Not Met

1723-A.&B.: Infant and child CPR
Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.
Adult CPR
Centers shall have at least one staff member on the premises and accessible to children trained in Adult CPR if there is a child eight years or older on the premises.

Finding:

*** NEW 1723. A & B Based on Record Review/Interview The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. ~0 of ~5~ staff on the premises time of survey had documentation of this certification. Specialist observed that S-1 had a copy of the staff attendance logs from their 6-16-17 CPR and PFA training, S-1 stated that they have not received their cards as of yet. S-1 tried contacting their instructor time of survey without success.

1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.:
C. Pediatric First Aid - Beginning on July 1, 2016, Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

Finding:

***NEW 1723.C-D Based on Record Review/Interview: After July 1, 2016 - The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. ~0~ of ~5 staff on the premises time of survey had documentation of this certification. Specialist observed that S-1 had a copy of the staff attendance logs from their 6-16-17 CPR and PFA training, S-1 stated that they have not received their cards as of yet. S-1 tried contacting their instructor time of survey without success.
