

Statement of Deficiencies

1501-A: Operations

Not Met

1501-A: A center shall operate within the licensed capacity, age range, hours of operation and other specific services designated on its license.

Finding:

1501-A Based on interview(s): The center did not operate within licensed space as follows: In mid-morning on 7/24/18, the air conditioning failed in two 3 year old classrooms. The two classes were moved to the Center for Innovation and Design on the school campus. The Center for Innovation and Design is not licensed space. The parents were notified by email and direct internal messaging system that the children had been moved. The air conditioning is in the process of being repaired. It is expected that the children will return to their classrooms on 7/26/18. The Licensing Division was notified of this situation on 7/25/18 during the licensing visit. The air conditioning system began to function during the licensing visit.
