

## Statement of Deficiencies

### 1713-A&B&C: Supervision

Not Met

#### 1713-A&B&C:

A: Children shall be supervised at all times in the center, on the playground, on field trips, on non-vehicular excursions, and during all water activities and water play activities.

B: Children shall not be left alone in any room, (except the restroom as indicated in Subsection G), outdoors, or in vehicles, even momentarily, without staff present.

C: A staff person shall be assigned to supervise specific children whose names and whereabouts that staff person shall know and with whom the staff person shall be physically present. Staff shall be able to state how many children are in their care at all times.

#### Finding:

1713 A Supervision: Children were not under supervision at all times as: On 7/16/18, O1 discovered a staple in C1's right thumb. According to O1, he picked C1 up from the center around 4 pm and they went home. O1 was washing C1's hands and discovered the staple in C1's right thumb. O1 took C1 to the Emergency Room where the staple was removed. According to S3, she gave C1 the stapler to hold while they were working on a class project. S3 does not know when C1's thumb was stapled. According to S3, C1 did not say anything and did not indicate he was hurt in any way. S3 was unaware of the staple in C1's thumb until notified by S2 of the incident around 4pm-4:30 pm. C1 was not closely supervised while C1 held a stapler since a staple was in his thumb and staff was not aware that a staple was in C1's thumb.

### 1901-J.-K.: Items That Can be Harmful to Children

Not Met

1901-J.-K.: J. Items that can be harmful to children, such as medications, poisons, cleaning supplies and chemicals, and equipment, tools, knives and other potentially dangerous utensils, shall kept in a locked cabinet or other secure place that ensures they are inaccessible to children.

K. Plastic bags, when not in use, regardless of purpose or use, shall be made inaccessible to children.

#### Finding:

1901-J. Based on interview(s): Items that can be harmful to children, such as medications, poisons, cleaning supplies and chemicals, and equipment, tools, knives and other potentially dangerous utensils, were not kept in a locked cabinet or other secure place that ensures they are inaccessible to children. On 7/16/18, O1 discovered a staple in C1's right thumb. According to O1, he picked C1 up from the center around 4 pm and they went home. O1 was washing C1's hands and discovered the staple in C1's right thumb. O1 took C1 to the Emergency Room where the staple was removed. According to S3, she gave C1 the stapler to hold while they were working on a class project. S3 does not know when C1's thumb was stapled. According to S3, C1 did not say anything and did not indicate he was hurt in any way. S3 was unaware of the staple in C1's thumb until notified by S2 of the incident around 4pm-4:30 pm.
