Finding:

1711. A. &B.& D & G. Based on observation on 08/05/19, S1 failed to meet the required child to staff ratio for children of the following ages: 5-10 year of age. Specialist observed 27 children age 5-10 year of age with 1 staff (S10). The required average ratio for children of this age is 21 children per 1 staff person. One additional staff was needed to meet ratio. S1 stated that S14 was on lunch. Based on review of the staff daily attendance S14 left at 1:15 pm and signed back in at 2:13 pm. Ratio was corrected at that time.
