

## Statement of Deficiencies

### 7312-E.2: CPR - Building

**Not Met**

7312-E.2: Centers with multiple buildings or floors, however, shall have at least one currently certified staff in approved infant/child/adult CPR in each building and on each floor of the center.

#### Finding:

7312-E.2 Based on observations/record review, the provider has multiple buildings and there was not at least one staff in each building of the center with documentation of current approved Infant/Child/Adult certification in CPR.

#### FINDINGS INCLUDE:

At approximately 8:30 AM, specialist observed S1 present in building #4 of the facility supervising 17 children ages 5-11. A review of S1's personnel record indicated that she does not have documentation of current approved CPR certification. S1 stated that today was the first day that she worked in the building because the staff that normally works in the building is on vacation (S2). At approximately 12:00 PM, S3 took S1's place in the building. S3 has documentation of current approved CPR certification.

### 7312-E.4: PFA - Buildings

**Not Met**

7312-E.4: Centers with multiple buildings or floors, however, shall have at least one currently certified staff in approved pediatric first aid in each building and on each floor of the center.

#### Finding:

7312-E.4 Based on observations/record review, the provider has multiple buildings and there was not at least one staff in each building of the center that has documentation of current approved Pediatric First Aid training.
