

## Statement of Deficiencies

### 1907-B.1-4: Eating Practices

Not Met

1907-B.1-4:

1. Developmentally appropriate seating shall be used.
2. Chairs and tables of suitable size shall be available for each child.
3. Feeding tables may be used at mealtimes, if children's feet are able to rest comfortably on a foot rest.
4. Feeding tables may also be used for occasional program activities that require a table surface for no longer than 30 minutes in one day in addition to mealtime minutes.

#### Finding:

1907.B-1-4 Based on Observations: Feeding tables were used at mealtimes children's feet were not able to rest comfortably on a foot rest. Specialist observed ~that the facility has two feeding tables one in the infant room and one in the one year old classroom that the facility uses to feed the children in that fails to have a foot rest attached to the feeding tables. S-1 and S-2 stated that they are in the process of getting feet rest for the tables.

### 1907-E.2: Cribs Free of Toys and Other Soft or Loose Bedding

Not Met

1907-E.2: Cribs shall be free of toys and other soft or loose bedding, including comforters, blankets, sheets, bumper pads, pillows, stuffed animals and wedges when the child is in the crib.

#### Finding:

\*\*\*NEW 1907.E.2 Based on Observations: The center's cribs were not free of toys or other soft or loose bedding (including comforters, blankets, sheets, bumper pads, pillows, stuffed animals and wedges) while the child was in the crib as evidence by ~evidenced by Specialist observed three infants in one of the infant rooms with a loose blanket inside of the crib while infants were in the crib, the staff removed blankets time of survey.

### 1911-K: Hand Washing

Not Met

1911-K: Staff and children shall wash their hands using soap at least at the following times: upon arrival at the center, before preparing or serving meals, before giving medication, after playing in water used by more than one person, after toileting, after helping a child use a toilet or changing diapers, after wiping noses or cleaning wounds, after handling pets and other animals, after playing in sandboxes, before eating meals or snacks, upon coming in from outdoors, after cleaning or handling garbage and anytime hands become soiled with body fluids, such as urine, saliva, blood or nasal discharge.

#### Finding:

1911.K Based on Observations: Staff did not wash their hand with soap as needed. Licensing Special observed that staff did not was their hands after ~changing diapers, The facility do not have hand sinks in the classroom for the staff to wash their hands. The facility has two restrooms located in the main building. The staff is failing to go to the restrooms to properly wash their hands after diaper changes in the one year old and two year old classrooms. The provider stated that they are have been in communication with the Department of Health to see if they can get permission to install portable sinks in their classrooms.
