**Not Met**

1713.A.&B.&C.:

A: Children shall be supervised at all times in the center, on the playground, on field trips, on non-vehicular excursions, and during all water activities and water play activities.

B: Children shall not be left alone in any room, (except the restroom as indicated in Subsection G), outdoors, or in vehicles, even momentarily, without staff present.

C: A staff person shall be assigned to supervise specific children whose names and whereabouts that staff person shall know and with whom the staff person shall be physically present. Staff shall be able to state how many children are in their care at all times.

#### **Finding:**

1713.A.&B: Based on interviews on 8/20/19, at 11:30am, children were not under supervision at all times as S9 stated that she oftentimes would take C3 into the bathroom while he would have temper tantrums in an attempt to deescalate the situation and separate him from the other children as to keep them from becoming upset as well. S9 added that she would go into the bathroom with C3 and close the door during that time, leaving the other children in the classroom alone unsupervised. S1 stated that since becoming aware of this occurring, she has spoken to S9 and instructed her not to continue such actions which result in supervision violations.
