

## Statement of Deficiencies

### 1507-B: Daily Attendance Records - Staff and Owners

Not Met

1507-B: A daily attendance record for all staff members and owners shall be maintained that shall:

1. include the first and last name of the staff member or owner and arrival and departure times;
2. accurately reflect the staff members and owners on the center premises at any given time; and
3. be used to document staff members and owners who leave and return to the center during the day

#### Finding:

1507-B Based on record review/interview(s):

The Provider did not maintain documentation of a daily attendance record for S3, the owner, to include the time of arrival and departure. S3 stated she has been present at the center on the days S1 was not present (7/25/18-8/3/18), but S3 failed to have daily attendance records verifying being present at the center.

### 1723-A.-B.: CPR Certification

Not Met

1723-A.-B.: A - Infant and child CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

B - Adult CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR.

#### Finding:

1723-A. Based on record review: The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. 2 of 10 staff had documentation of this certification. The Specialist reviewed the files of the staff and observed that S7 and S8 were the only staff on the center premises to have current certification in infant and child CPR.

---

### 1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.:

C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

#### Finding:

1723-C.-D. Based on record review: The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. 2 of 10 staff on the premises, had documentation of this certification. The Specialist reviewed the files of the staff and observed that S7 and S8 were the only staff on the center premises to have current certification in Pediatric First Aid.
