

Statement of Deficiencies

5303-F: Required Notification

Not Met

5303.F. Within 24 hours or the next workday, the director shall notify the Bureau of the following reportable incidents. A verbal report is to be followed by a written report:

1. any death of a child while in the care of the provider;
2. any illness or injury requiring hospitalization or professional medical attention other than first aid of a child while in the care of the provider;
3. any fire;
4. any structural disaster;
5. any emergency situation that requires temporarily relocating children;
6. any unusual situation which affects the care of a child or children, e.g. child left unsupervised in the center, on the van, in play yard, on field trip, extended loss of power, water service, gas, etc.; or
7. any child leaving the center unsupervised or with an unauthorized person.

Finding:

7303.F. Within 24 hours or the next workday, the director did not notify the Bureau of the following reportable incident:

-Any illness or injury requiring hospitalization or professional medical attention other than first aid of a child While in the care of the provider;[On 8/9/11 a 9 month old child fell off of a chair and hit his head, the injury caused a hematoma on the child's forehead, a blood spot on his eye, busted upper and lower lips and scratches to the left side of the face.] The provider did not notify licensing that the child was taken to Tulane hospital by the parent.

5317-A: Direct Supervision

Not Met

5317.A. Children shall be under direct supervision at all times including naptime. Children shall never be left alone in any room or outdoors without a staff present. Children, excluding infants, may be grouped together at naptime with one staff supervising the children sleeping. All children sleeping shall be in the sight of the naptime worker.

Finding:

7317.A. Children were not under direct supervision at all times as [On 8/9/11 a 9 month old child fell off of an adult rocking chair and hit his head, The director reported that the child was put in the chair by a 5 year old child, the injury caused a hematoma on the child's forehead, a blood spot on his eye, busted upper and lower lips and scratches to the left side of the face. Staff members reported that staff present at the center at the time of the incident did not see the incident occur, The staff member supervising the child was in the bathroom and did not have the 9 month old child in her sight when the incident occurred.]
