

Statement of Deficiencies

1725.A.-C.: Medication Management Training

Not Met

1725.A.-C.: A. All staff members who administer medication shall have medication administration training.

B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

C. Such training shall be completed every two years with an approved child care health consultant.

Finding:

1725.A.-C.: Medication Management Training: Based on record review on 9/3/19 the center did not have at least two staff members trained in medication administration whether the early learning center administers medication or not. S4 has a valid medication administration training certificate and was present at the center on 9/3/19 but no other staff employed at the center has the certification. S1 stated that she and other staff were scheduled to have the class with 8/3/19 but it was canceled by VOA.
