Finding:

1915-Based on Record Review: Documentation of incidents, injuries, accidents, illnesses, and unusual behavior did not have documentation that it was reported to the parent no later than when the child is released to the parent or authorized representative on the day of the occurrence. Specialist observed an incident report dated 8/29/17 in which a child was hit in the face with a block and the incident report failed to have documentation of the time the parent was notified. Specialist also observed an incident report dated 8/24/17 in which a child bumped heads with another child and the incident report failed to have documentation of the time that the parents were notified.
