

Statement of Deficiencies

1725.A.-C.: Medication Management Training

Not Met

1725.A.-C.: A. All staff members who administer medication shall have medication administration training.

B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

C. Such training shall be completed every two years with an approved child care health consultant.

Finding:

1725.A.-C. Based on record review: There was no documentation that at least two staff members trained in medication administration whether the early learning center administers medication or not. S1 stated staff did take the training on 8/29/2019 however certificates will take up to 30 days to arrive and are not currently on the premises. Previous medication administration certificates expired on 8/24/2019.
