

Statement of Deficiencies

1917-B: Medication Authorization - Required Container/Packaging

Not Met

1917-B: Required Container/Packaging

1. For prescription medication to be administered at the center, the center shall maintain the original pharmacy container with the complete pharmacy label.
2. For non-prescription medication to be administered, the center shall maintain the original bottle packing for the medicine or a printed document from the manufacturer's website, which shall include the drug name and strength and clear directions for use.

Finding:

1917-B Based on observation:

The prescription medication to be administered at the center was not in the original pharmacy container with the complete pharmacy label it lacked the following: C8 has an EpiPen for allergies and the EpiPen was not in the original pharmacy container with the complete pharmacy label including the child's name; C10 has an EpiPen for allergies and the EpiPen was not in the original pharmacy container with the complete pharmacy label including the child's name.

1921-A: Emergency Preparedness and Evacuation Planning

Not Met

1921-A: Emergency and Evacuation Plan. The director shall consult with appropriate state and local authorities and shall establish and follow a written multi-hazard emergency and evacuation plan to protect children in the event of emergencies that at a minimum shall:

1. address any potential disaster related to the area in which the center is located;
2. include procedures for sheltering in place, lockdown and evacuation to a pre-determined site for potential threats to the safety, health and well-being of children in care;
3. include specific procedures for handling infants through two year olds;
4. include specific procedures for handling children with special needs, including the evacuation and transportation of children in wheelchairs;
5. include a system to account for all children;
6. include a system, and a back-up system, for contacting parents and authorized third party release caretakers;
7. include a system to reunite children and parents following an emergency;
8. include procedures for providing information about the emergency plan to parents at the time of enrollment and when changes occur;
9. be reviewed annually for accuracy and updated as changes occur; and
10. be reviewed with all staff at least once per year.
11. practice drills shall be conducted at least twice per year to include all children and shall be documented.

Finding:

1921-A Based on record review: There was no documentation of a written multi-hazard emergency and evacuation plan to protect children in the event of emergencies that addresses the following: any potential disaster related to the area in which the center is located, include procedures for sheltering in place, lockdown and evacuation to a pre-determined site for potential threats to the safety, health and well-being of children in care, include specific procedures for handling infants through two year olds, specific procedures for handling children with special needs, including the evacuation and transportation of children in wheelchairs. There was no documentation of a system in place: to account for all children, a system, and a back-up system, for contacting parents and authorized third party release caretakers, a system to reunite children and parents following an emergency.
