1713-A&B&C:

A: Children shall be supervised at all times in the center, on the playground, on field trips, on non-vehicular excursions, and during all water activities and water play activities.

B: Children shall not be left alone in any room, (except the restroom as indicated in Subsection G), outdoors, or in vehicles, even momentarily, without staff present.

C: A staff person shall be assigned to supervise specific children whose names and whereabouts that staff person shall know and with whom the staff person shall be physically present. Staff shall be able to state how many children are in their care at all times.

Finding:

1713-A&B: Based on observations and interview: Children were not under supervision at all times as Specialist observed 2 three year olds that were allowed to walk from classroom 3 to the restroom which was across the hall from classroom #3 with no supervision. Specialist observed that no staff was in a position to see either child as they went to the restroom as the assigned staff, S5 and S6 were inside the classroom and away from the doorways. Specialist further observed that one of the children stopped in the hallway, took a book from a bookshelf and was playing in the hallway. Specialist advised S1 that children under age 4 must be under supervision when going to and from the restroom. S1 stated that she understood and a staff member was positioned in the hallway to supervise the children going to and from the restroom prior to Specialist departure. Specialist found that supervision was met prior to Specialist departure.
