Finding:

1901.O. Based on Specialist's interview(s) with center staff at 11:30am, it was identified that on 8/2/19, the center hosted a "going away" lunch for two staff members leaving the center, where strawberries soaked in vodka were served. Nine (S13, S14, S15, S16, S17, S4, S6, S18, S2) staff members consumed no more than two strawberries each. Five staff members (S4, S17, S6, S18, S3) are still employed and working at the center. Disciplinary action was taken by the Center Board Members, including putting all involved staff on a 3-month probation, beginning on 8/5/19.
