

Statement of Deficiencies

1725.A.-C.: Medication Management Training

Not Met

1725.A.-C.: A. All staff members who administer medication shall have medication administration training.

B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

C. Such training shall be completed every two years with an approved child care health consultant.

Finding:

1725.A.-C. Based on Specialist's review of records at 9:30am, the center did not have at least two staff members trained in medication administration, whether the early learning center administers medication or not. S1 stated that all staff were scheduled for a training class for medication administration on 9/18/19, however, the instructor of the class canceled and rescheduled for a later date.
