

Statement of Deficiencies

1911.I.&J.: Proper Lifting of a Child

Not Met

1911.I.&J.: I. Staff members shall adhere to proper techniques for lifting a child.

J. Staff members shall not lift a child by one or both arms.

Finding:

1911.J. Based on record review/interviews, S4 failed to use proper lifting techniques on 9/3/2020, as S4 lifted C1, a two-year-old, using one arm causing C1's right arm to become injured. S1 stated S4 was put on a three-day suspension for not following the center's proper lifting policy.

Corrective Action Plan: Effective 9/8/2020, S1 retrained all staff on health and safety which included proper lifting and handling children with care. S1 stated she will have another staff training next week, and will increase classroom observations in an effort to prevent any future incidents.
