

## ***Statement of Deficiencies***

### **1911-I.-J.: Proper Lifting of a Child**

**Not Met**

1911-I.-J.: I. Staff members shall adhere to proper techniques for lifting a child.  
J. Staff members shall not lift a child by one or both arms.

#### **Finding:**

1911-I.-J. Based on observations:

Staff did not lift a child using proper lifting techniques. Specialists observed staff lifted an infant using one arm during the initial walk through of the center.

---

### **1915-A: Health Services - Observation**

**Not Met**

1915-A: Observation. Upon arrival at the center, the physical condition of each child shall be observed for possible signs of illness, infections, bruises or injuries, and when something is observed, it shall be documented and such documentation shall include an explanation from the parent or child.

#### **Finding:**

1915-A Based on record review: The provider did document observations, when something was observed, noted on children upon arrival to the center. Results including an explanation from parent and/or child were not documented for all observation for the three year old room.
