

Statement of Deficiencies

1915.B.&C.: Health Services - Parental Notification

Not Met

1915.B.&C.:

B. Reporting. Incidents, injuries, accidents, illnesses, and unusual behavior shall be documented and reported to the parent no later than when the child is released to the parent or authorized representative on the day of the occurrence.

C. Immediate Notification. The parent shall be immediately notified in the following circumstances:

1. blood not contained in an adhesive strip;
2. head or neck or eye injury;
3. human bite that breaks the skin;
4. animal bite;
5. impaled object;
6. broken or dislodged teeth;
7. allergic reaction skin changes (e.g. rash, spots, swelling, etc.);
8. unusual breathing;
9. symptoms of dehydration;
10. temperature reading over 101° oral, 102° rectal, or 100° axillary; or
11. injury or illness requiring professional medical attention.

Finding:

1915.C. Based on record review at 2:32 p.m., S1 failed to have documentation of immediate notification to the parent when the following occurred to a child: At 10:40 a.m., C1 (a two-year-old) had a scratch on the face, and the parent was notified at 12:26 p.m. via Procure.

Corrective Action Plan: Effective 9/26/2023, S2 stated all will be re-trained monthly on properly documenting and notifying parents immediately when injuries occur from the neck and above, to ensure compliance with the regulation.
