

Statement of Deficiencies

1723-A.-B.: CPR Certification

Not Met

1723-A.-B.: A - Infant and child CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

B - Adult CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR.

Finding:

1723-A.-B. Based on record review: S3 did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. 1 of 6 staff had documentation of this certification.

1723-C.-D.: Pediatric First Aid

Not Met

1723-C.-D.:

C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

Finding:

1723-C.-D. Based on record review: S3 did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. 1 of 6 staff had documentation of this certification.

1725-A.-D.: Medication Management Training

Not Met

1725-A.-D.: A. All staff members who administer medication shall have medication administration training.

B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.

C. Such training shall be completed every two years with an approved Child Care Health Consultant.

D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

Finding:

1725-A.-D. Based on record review:

S3 did not have at least two staff members trained in medication administration whether the early learning center administers medication or not. S3 is trained in medication administration.

1907-F.1-5: Prohibited Items

Not Met

1907-F.1-5: Prohibited Items

1. Infant walkers;
2. Toy chests, storage bins and other equipment with attached lids;
3. Latex balloons for children under age 3;
4. Trampolines; and
5. Culverts.

Finding:

1907-F.1-5 Based on observations: During specialist visit on 10/8/18 specialist observed one child in an infant walker. S3 stated she was not aware that walkers are prohibited in the center. S3 removed the walker during specialist visit.

1921-E: Tornado Drills

Not Met

1921-E: Tornado drills shall be conducted at least once per month in the months of March, April, May, and June at various times of the day necessary to include all children and shall be documented.

Finding:

Statement of Deficiencies

1921-E Based on interview(s)/record review:

S3 did not have documentation of tornado drills that were conducted at least once per month during the months of March, April, May, and June.
