

Statement of Deficiencies

1717-A: Independent Contractors Records

Not Met

1717-A: Independent Contractors. The following information shall be maintained for all independent contractors, including but not limited to therapeutic professionals, extracurricular personnel, contracted transportation drivers, Department of Education, Office of Early Childhood staff and local school district staff:

1. an information form that includes the person's name, address and phone number
2. a list of duties performed while present at the center; and
3. documentation CCCBC-based determination of eligibility for child care purposes from the department or documentation of the adult staff member not otherwise counted in child to staff ratios that accompanied the contractor at all times while the contractor was at the center when children were present, to include the date, contractor arrival and departure time, language stating that the contractor was accompanied by the staff member at all times while at the center when children were present, and the signature of both the contractor and the accompanying staff member.

Finding:

1717-A Based on record review:

There was no documentation of a fingerprint based satisfactory criminal background check dated prior to the individual being present at the center for independent contractor O1 and O2. O1 was present in the facility on 8/8/18 and O2 was present in the facility on 6/28/18. This was corrected during the licensing visit.

1915-B.&C: Health Services - Parental Notification

Not Met

1915-B.&C:

B. Reporting. Incidents, injuries, accidents, illnesses, and unusual behavior shall be documented and reported to the parent no later than when the child is released to the parent or authorized representative on the day of the occurrence.

C. Immediate Notification. The parent shall be immediately notified in the following circumstances:

1. blood not contained in an adhesive strip;
2. head or neck or eye injury;
3. human bite that breaks the skin;
4. animal bite;
5. impaled object;
6. broken or dislodged teeth;

8. unusual breathing;
9. symptoms of dehydration;
10. temperature reading over 101° oral, 102° rectal, or 100° axillary; or
11. injury or illness requiring professional medical attention.

Finding:

1915 Health Services-Parental Notification C: There was no documentation of immediate notification to the parent when the following occurred to a child: On 5/23/18 an incident occurred at 8:00 am and the parent was notified at 10:15 am. On 5/23/18, a child hit another child in the face with a toy leaving a red mark by the right eye of the child. On 6/1/18, an incident occurred at 7:40 am and the report shows that the parent was notified at pick-up which was 5:10 pm. On 6/1/18, a child was getting off of a toy and fell bumping her head leaving a bruise on the left side of the forehead.

1917-B: Medication Authorization - Required Container/Packaging

Not Met

1917-B: Required Container/Packaging

1. For prescription medication to be administered at the center, the center shall maintain the original pharmacy container with the complete pharmacy label.
2. For non-prescription medication to be administered, the center shall maintain the original bottle packing for the medicine or a printed document from the manufacturer's website, which shall include the drug name and strength and clear directions for use.

Finding:

1917-B Based on record review:

The prescription medication to be administered at the center was not in the original pharmacy container with the complete pharmacy label it lacked the following: C5 has an EpiPen at the center which is not in the original pharmacy container with the complete pharmacy label..

Statement of Deficiencies

1917-K: Emergency Medication Plan and Records

Not Met

1917-K: Emergency Medications

1. Children who require emergency medications, such as an EpiPen or Benadryl, shall have a written plan of action that shall be updated as changes occur or at least every six months, and shall include:
 - a. method of administration;
 - b. symptoms that indicate the need for the medication;
 - c. actions to take once symptoms occur;
 - d. description of how to use the medication; and e. signature of parent and date of signature.

 - a. symptoms that indicated the need for the medication;
 - b. actions taken once symptoms occurred;
 - c. description of how medication was administered;
 - d. signature of administering staff member; and
 - e. phone contact with the parent after administering emergency medication.

Finding:

1917-K Based on record review: A child who requires emergency medications, such as an EpiPen or Benadryl, did not have a written plan of action as evidence by: there was no plan of action for C5's EpiPen.

1921-A: Emergency Preparedness and Evacuation Planning

Not Met

1921-A: The director shall consult with appropriate state and local authorities and shall establish and follow a written multi-hazard emergency and evacuation plan to protect children in the event of emergencies that at a minimum shall:

1. address any potential disaster related to the area in which the center is located;
2. include procedures for sheltering in place, lockdown and evacuation to a pre-determined site for potential threats to the safety, health and well-being of children in care;
3. include specific procedures for handling infants through two year olds;
4. include specific procedures for handling children with special needs, including the evacuation and transportation of children in wheelchairs;
5. include a system to account for all children;
6. include a system, and a back-up system, for contacting parents and authorized third party release caretakers;
7. include a system to reunite children and parents following an emergency;
8. include procedures for providing information about the emergency plan to parents at the time of enrollment and when changes occur;
9. be reviewed annually for accuracy and updated as changes occur; and
10. be reviewed with all staff at least once per year.
11. practice drills shall be conducted at least twice per year to include all children and shall be documented.

Finding:

1921-A Based on record review: There was no documentation of a written multi-hazard emergency and evacuation plan to protect children in the event of emergencies that addresses the following: any potential disaster related to the area in which the center is located, include procedures for sheltering in place, lockdown and evacuation to a pre-determined site for potential threats to the safety, health and well-being of children in care, include specific procedures for handling infants through two year olds, specific procedures for handling children with special needs, including the evacuation and transportation of children in wheelchairs. There was no documentation of a system in place for: to account for all children, a system, and a back-up system, for contacting parents and authorized third party release caretakers, a system to reunite children and parents following an emergency.

1921-C: Evacuation Pack

Not Met

1921-C: The center shall have an evacuation pack, the location of which is known to all staff, that at a minimum shall contain:

1. a list of area emergency phone numbers;
2. a list of emergency contact information and emergency medical authorization for all enrolled children;
3. an emergency pick up form;
4. first aid supplies, hand sanitizer, wet wipes, and tissue;
5. diapers for children who are not toilet trained and plastic bags for diapers;
6. a battery powered flashlight and radio and batteries;
7. food for children under the age of 4, including infant food and formula; and
8. disposable cups and bottled water.

Finding:

1921-C Based on observations, the evacuation pack was incomplete. The evacuation pack did not contain the following: a list of area emergency phone

Statement of Deficiencies

numbers, a list of emergency contact information and emergency medical authorization for all enrolled children, an emergency pick up form, hand sanitizer, a battery powered radio, food for children under the age of 4, including infant food and formula, cups and bottled water.
