Finding:

1713.F: Supervision Participation: On 10/10/2019 at 1:00pm, Specialist reviewed the cameras in the center and observed that while supervising a group of children, childcare staff did not devote their time to the supervision of the children, meeting the needs of the children, and in participation with the children in their activities. On 09/09/2019 at 3pm, S19 was observed cleaning the changing tables while 3 children, age 1, were seen standing and sitting on top of a table. C1 was observed in the video standing on top of the table before falling and becoming injured. Specialist explained to S1 that S19 and all of the other staff can clean up, but the staff should not allow it to interfere with supervising the children in the classroom.
