8. unusual breathing;
9. symptoms of dehydration;
10. temperature reading over 101° oral, 102° rectal, or 100° axillary; or
11. injury or illness requiring professional medical attention.

Finding:

1915 B&C Based on record review: The Provider did not have documentation of immediate notification to the parent when the following occurred to a child:

- On 09/06/2018, a child tripped and hit his eye on the block shelf at 9:00am. There was no indication on the documentation of when the parent was notified.
- On 09/07/2018, a child tripped and received a brush burn and red mark on the left side of his forehead at 10:15am. There was no indication on the documentation of when the parent was notified.

1917-B: Medication Authorization - Required Container/Packaging

Not Met

1917-B: Required Container/Packaging

1. For prescription medication to be administered at the center, the center shall maintain the original pharmacy container with the complete pharmacy label.
2. For non-prescription medication to be administered, the center shall maintain the original bottle packing for the medicine or a printed document from the manufacturer's website, which shall include the drug name and strength and clear directions for use.

Finding:

1917-B Based on observations:

Medication that was sent to the center was not in its original container to ensure that medication is for individual use only.
