

Statement of Deficiencies

5313-B: CPR, Pediatric First Aid, Community Water Safety Training

Not Met

5313.B. On-site and off-site wading/swimming pool, or other water activities shall require at least two staff or other supervising adults to be trained in infant/child/adult CPR and pediatric first aid. One supervising adult shall be trained in an approved community water safety course. Providers who have wading pools with a depth of less than two feet shall not be required to have a staff with community water safety training.

-If children are taken to off-site water activities, documentation shall be on file at the center that the director has verified that the supervising adult meets the above requirements or the lifeguard on duty is currently certified.

-The provider shall ensure that appropriate water safety devices are used when children are participating in water activities.

Finding:

7313.B (old tag 5313.B.) Children participated in activities involving swimming pool and the provider lacked documentation that at least one supervising adult was trained in an approved Community Water Safety course as evidence by: specialist review of S1 and S2's personnel files and review of non-vehicular excursion on 8/3/11 to the swimming pool at the house next door in which the 2 staff present lacked the required approved community water safety course.
