

## ***Statement of Deficiencies***

### **1725-A.-D.: Medication Management Training**

**Not Met**

1725-A.-D.: A. All staff members who administer medication shall have medication administration training.

B. Whether administering medication or not, each early learning center shall have at least two staff members trained in medication administration.

C. Such training shall be completed every two years with an approved Child Care Health Consultant.

D. A licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

#### **Finding:**

1725-A.-D. Based on record review:

The Specialist observed that no staff has current documentation of training in medication administration completed with an approved Child Care Health Consultant. Training is required every two years and the S1's and S5's training expired 3/30/17. S1 stated the trainer has canceled the training twice, but will submit current documentation once training is taken.
