

Statement of Deficiencies

1725.A.-C.: Medication Management Training

Not Met

1725.A.-C.: A. All staff members who administer medication shall have medication administration training.

B. Whether the center is administering medication or not, each early learning center shall have at least two staff members trained in medication administration and at least one on the premises. A staff member who is a licensed practical nurse (LPN) or registered nurse (RN) with a valid nursing license shall be considered to have medication administration training.

C. Such training shall be completed every two years with an approved child care health consultant.

Finding:

1725.A.-C. Based on record review/interview(s) at 12:45PM, S7, administered medication to C1 three times a day on 09/30/20, 10/01/2020, 10/02/2020 and once on 10/05/2020 without documentation of training in medication administration. S1 stated training was scheduled in March but she was not able to take it.

Corrective Action Plan: Effective 10/27/2020, S1 will administer medication until S7 can obtain medication administration training to keep this deficiency from being recited.
