

Statement of Deficiencies

1723.A.&B.: CPR Certification

Not Met

1723.A.&B.: A. Infant and child CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR through training approved by the department.

B. Adult CPR. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR through training approved by the department.

Finding:

1723.A.&B.: A. At approximately 2:00pm, fifty percent of staff members on the premises of the center and accessible to children, or at least four staff on the premises and accessible to children, failed to have current certification in infant and child CPR through training approved by the department. One of 3 staff had this training.

1723.C.: Pediatric First Aid

Not Met

1723.C.: Pediatric First Aid. Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in pediatric first aid through training approved by the department.

Finding:

1723.C.: At approximately 2:00pm, fifty percent of staff members on the premises of the center and accessible to children, or at least four staff on the premises and accessible to children, failed to have pediatric first aid training.. One of 3 staff had this training
