

## Statement of Deficiencies

### 1723-A.&B.: CPR Certification

**Not Met**

1723-A.&B.: A - Infant and child CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in infant and child CPR.

B - Adult CPR - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in adult CPR.

#### Finding:

Based on Record Review: The center did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in infant and child CPR. 1 of 3 staff had documentation of this certification.

### 1723-C.-D.: Pediatric First Aid

**Not Met**

1723-C.-D.:

C. Pediatric First Aid - Fifty percent of staff members on the premises of a center and accessible to children, or at least four staff on the premises and accessible to children, whichever is less, shall have current certification in Pediatric First Aid.

D. Certification - A copy of the certification for each such staff member shall be on-site at all times and available for inspection by the Licensing Division.

#### Finding:

1723-C.-D. Based on record review: The Provider did not have documentation that at least fifty percent (50%) of all staff on the premises and accessible to the children or at least four staff on the premises and accessible to children, whichever is less, have current certification in Pediatric First Aid. 1 of 3 staff had documentation of this certification.

### 1907-B.1-4: Eating Practices

**Not Met**

1907-B.1-4:

1. Developmentally appropriate seating shall be used.
2. Chairs and tables of suitable size shall be available for each child.
3. Feeding tables may be used at mealtimes, if children's feet are able to rest comfortably on a foot rest.
4. Feeding tables may also be used for occasional program activities that require a table surface for no longer than 30 minutes in one day in addition to mealtime minutes.

#### Finding:

1907-B.1-4 Based on observations: Feeding tables were used at mealtimes children's feet were not able to rest comfortably on a foot rest. Specialist observed one child sitting at feeding table.
