1. Sufficient staffing needed to satisfy child to staff ratios shall be present on the premises during rest time and available to assist as needed.
2. Children ages one and older may be grouped together at rest time with one staff member in each room supervising the resting children. If two rooms share a common doorway, one staff member may supervise the resting children in both rooms.
3. If the view of the staff supervising the children is obstructed by an object such as a low shelving unit, children shall be checked by sight by staff circulating among the resting children.

#### **Finding:**

1711-H Based on observations: The required child to staff ratio failed to be met at naptime in the infant room as evidenced by 7 children consisting of 3 infants and four toddlers were present in classroom with only one staff. 2 staff are required to be present.
