

Statement of Deficiencies

7328.D: Evacuation Pack

Not Met

7328.D: If evacuation of the center is necessary, provider shall have an evacuation pack and all staff shall know the location of the pack. The contents shall be replenished as needed. At a minimum, the pack shall contain the following:

list of area emergency phone numbers;

list of emergency contact information and emergency medical authorization for all children enrolled;

written authorization signed and dated by the parent noting the first and last names of individuals to whom the child may be released other than the parent(s);

first aid kit;

hand sanitizer;

wet wipes;

tissue;

diapers if children enrolled who are not yet potty trained;

plastic bags;

battery powered flashlight;

battery powered radio;

batteries;

food for all ages of children enrolled, including infant food and formula;

disposable cups; and

bottled water.

Finding:

7328.D Based on observations: Although provider had formula in the Evacuation Pack, the formula was not in the original container and Specialist was not able to determine if the formula was expired or not. Provider was able to correct the deficiency while Specialist was still in the center.
